

Artist Workshop Announcement - Your Chance to Learn from a World-Class Muralist

“Making Public Art a Career – Breaking the Paradigm” by Master Muralist John Pugh

The Berryessa Citizens Advisor Council (BCAC) is hosting John Pugh, a renowned muralist with over 60 installations around the world, as part of its 2020 Quality of Life Project. If you are a professional artist looking to take it to the next level, or someone who wants to turn your creative abilities into a career, or someone interested in mural art this is the place for you.

John is offering his insights on the creative/business aspects of professional art in an interactive discussion/presentation. You can get an overview of his *Trompe L'oeil* murals at artofjohnpugh.com.

The San José Office of Cultural Affairs, with support from the BCAC, has commissioned John to restore his mural “Valley of the Heart’s Delight” that adorns the façade of the Community Center this February, and John is interested in selecting up to two internships to help with this project. Now is the time to step boldly toward a creative future.

When – One Night Only February 6th from 7:00-8:30PM

**Where – Berryessa Community Center
(3050 Berryessa Road, San José, CA)**

Admission - Free
